Docket No. CP2025-10

ORDER APPROVING PRICE ADJUSTMENTS FOR
DOMESTIC COMPETITIVE PRODUCTS

(Issued September 11, 2025)

I. INTRODUCTION

On August 8, 2025, the Postal Service proposed time-limited changes in rates of general applicability for certain domestic Competitive products.¹ The changes are scheduled to become effective October 5, 2025, and will roll back to current levels on January 18, 2026. Notice at 1. The Commission approves the proposed price changes and will update the *Mail Classification Schedule* (MCS) to reflect the new prices. The applicable changes to the MCS are attached to this Order.

¹ USPS Notice of Time-Limited Changes in Rates of General Applicability for Competitive Products, August 8, 2025 (Notice). Pursuant to 39 U.S.C. § 3632(b)(2), the Postal Service is obligated to publish the Governors' Decision and record of proceedings in the *Federal Register* at least 30 days before the effective date of the new rates.

The Notice includes a redacted version of the annex with a redacted table showing Fiscal Year (FY) 2026 projected volumes, revenues, attributable costs, contribution, and cost coverage for each product, assuming the proposed prices are in effect from October 5, 2025 through January 18, 2026.³ The Notice also includes an application for non-public treatment of the unredacted version of the annex to the Governors' Decision and other supporting materials filed under seal.⁴

B. Procedural History

On August 13, 2025, the Commission provided notice of the Postal Service's filing, established the instant docket for consideration of the filing's consistency with

applicable statutory provisions and Commission regulations, appointed a Public Representative, and provided the public with an opportunity to comment.⁵

III. COMMENTS

The Public Representative filed comments on August 29, 2025.⁶ The Public Representative states that he reviewed the Postal Service's filing, including the information filed under seal, and concludes that the proposed prices should generate sufficient revenue to satisfy 39 U.S.C. § 3633(a). PR Comments at 2, 6-7. He expresses appreciation that the Postal Service filed notice of the time-limited price changes with substantial time prior to the implementation date to allow stakeholders to better prepare and for the Commission to conduct a satisfactory review. *Id.* at 3. He notes that the proposed time-limited price increases are higher this year for Priority Mail Express and Priority Mail than last year while Parcel Select and USPS Ground Advantage are experiencing lower price increases than previously. *Id.* at 4. He expressed concern that consumers are experiencing another price increase only 84 days after standard price increases on July 13, 2025.⁷ He states that he continues to dislike time-limited price increases and maintains that the revenues accrued throughout the rest of the year should be sufficient to cover the additional costs presented around the holidays. *Id.* at 6. He states that he "hopes the Postal Service can find ways towards financial security that focus more on reducing costs, rather than on extracting revenues by twisting the financial screws on the wallets of holiday participants." *Id.*

The Public Representative concludes that based upon a review of the Notice and the accompanying financial data, it appears that the proposed temporary Competitive

prices should generate sufficient revenues to avoid subsidization of Competitive products and contribute well in excess of the minimum to institutional costs as mandated by 39 C.F.R. 3035.107(c).⁸

No other interested party filed comments, and no party challenges the Postal Service's proposed rates as insufficiently high to meet the requirements of 39 U.S.C. § 3633(a).

IV. COMMISSION ANALYSIS

Compliance with 39 U.S.C. § 3633. The Commission has reviewed the Notice, the materials filed under seal, and the comments filed. Proposed price adjustments for Competitive products are reviewed pursuant to 39 U.S.C. § 3633(a) and the regulations of 39 C.F.R. part 3035. In brief, these statutory and regulatory provisions require each Competitive product to cover its attributable costs (39 U.S.C. § 3633(a)(2)), prohibit the subsidization of Competitive products by Market Dominant products (39 U.S.C. § 3633(a)(1)), and require that Competitive products collectively make an appropriate contribution to the recovery of the Postal Service's total institutional costs (39 U.S.C. § 3633(a)(3)).

The Commission finds that the new prices proposed for each product are projected to generate sufficient revenue to cover each product's attributable costs. This finding supports the conclusion that the new prices will satisfy section 3633(a)(2). In addition, in accordance with section 3633(a)(3), Competitive products as a whole are projected to have contribution that covers 21.1 percent of institutional costs in FY 2026, which exceeds the required minimum contribution for FY 2025 of 9.6 percent.⁹ Together, these findings support the conclusion that Competitive products will not be subsidized by Market Dominant products, as required by 39 U.S.C. § 3633(a)(1). The

Commission, therefore, concludes that the proposed Competitive prices and MCS changes incorporating the proposed prices comply with 39 U.S.C. § 3633(a).

Reversion to existing rates. The Postal Service proposes to roll back the proposed prices to current price levels on January 18, 2026. Notice at 1. The Commission finds that the same factors that led to approvals of scheduled reversions to existing rates in previous orders approving time-limited price changes apply to the scheduled reversion in the instant docket,¹⁰ and thus the reversion is not required to be separately filed under 39 C.F.R. § 3035.103, a rule that provides heightened scrutiny for decreases in rates of general applicability. In particular, the Commission notes that rates will quickly return to the same levels they would have been at in the absence of the temporary rate increase and will do so during the normal period of time during which those rates would have been in effect.¹¹ Additionally, the financial workpapers filed with the Notice cover both the duration of the time-limited rate increase and the remainder of FY 2026, demonstrating ongoing compliance.¹² The Commission reiterates its caution that in other circumstances—such as reversion to rates from prior years or a reversion scheduled further in the future—a reversion to previously approved rates might warrant treating the reversion as a rate decrease and require a filing pursuant to 39 C.F.R. § 3035.103.¹³

Consideration of comments. The Public Representative expresses appreciation that the Postal Service filed this Notice approximately two months before the intended implementation date which allows for stakeholders to better prepare and the

Commission to complete a satisfactory review. PR Comments at 3. The Commission acknowledges the timely submission and concurs with the Public Representative's statement. The Commission encourages the Postal Service to maintain this practice and, when feasible, to submit notices of time-limited price changes even earlier to allow the Commission the maximum time for a thorough review and enable stakeholders to adequately prepare for implementation.

The Public Representative also asserts that the revenues accrued throughout the rest of the year should be sufficient to cover the additional costs presented around the holidays and suggests the Postal Service focus more on reducing costs, rather than increasing costs for consumers during the holiday season. PR Comments at 6. While the Commission acknowledges the concerns raised by the Public Representative, evaluation of the Postal Service's specific business decisions concerning such price adjustments on Competitive products falls outside of the scope of this proceeding.

In conclusion, as set forth in this Order, the Postal Service may implement its proposed price changes as scheduled.

V. ORDERING PARAGRAPHS

It is ordered:

1. The proposed time-limited prices can take effect as scheduled.
2. Revisions to the *Mail Classification Schedule* appear below the signature of this Order in Attachment A and are effective October 5, 2025. Such revisions will revert to existing levels on January 18, 2026, as shown in Attachment B.
